ABOUT PMMMNMTT AND MHRFDC

The Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching emphasizes the need to change the role and task of a teacher from mere disseminator of information and knowledge to the one who advances frontiers of existing knowledge by actively developing and creating new insights into diverse social and physical phenomena. Mahatma Hansraj Faculty Development Centre has been established under this scheme at Hansraj College with an objective to serve as one of the nodal points to conduct such programmes and workshops. These programmes provide opportunities to every academician/ teacher to upgrade their domain of knowledge, become aware about latest developments taking place in their subject and allied areas and acquire new skills in development of educational content and delivery. These programmes help in capacity building of teachers and promote institutional effectiveness in delivering and developing educational programmes and curricula. The focus of some of these Faculty Development Programmes is also to provide support for research work and promote research in emerging issues in different fields of knowledge.

ABOUT THE COLLEGE

Mata Sundri College for Women is an institution where we strive to achieve excellence not only in higher education but also women empowerment. A constituent college of the University of Delhi, the college, was founded on 17th July, 1967 by the Gurudwara Prabhandak Committee, Delhi State. We are proud of robust student strength of more than four thousand vibrant young women in the college and a strength of 175 distinguished faculty members and 64 members of the Non-Teaching Staff. With its extremely well qualified teaching faculty and an efficient support staff backing them, the college provides an ideal learning environment for young women as they embark on their journey of life, giving shape to their most cherished dreams and wings to their creative pursuits. We are a college offering Humanities, Commerce and Science courses to students who come from an eclectic background. Our college is one of the eight colleges of University of Delhi which offers the Bachelor of Elementary Education (B.El.Ed) course which is an integrated professional degree programme. In addition, with a view to encouraging skill based education, we offer many skill development programmes like Basic and Advanced Courses in Computers, Travel and Tourism, Textile Designing, Foreign Languages etc.

Our mission is to provide quality education to students that not only nurtures individual talents but also fosters a spirit of camaraderie and teamwork. This is blended with sound values and ideals. Innovative teaching methods including experiential activities, project work and field work are an inherent aspect of the teaching learning process. Backed by thorough mentoring on an individual level by teachers, students are provided with a strong conceptual foundation as well as market driven skills and competencies to succeed in a competitive world. We make all endeavours to infuse a spirit of research among faculty and students as we recognize that it is the edifice for any Institution of higher learning. Besides our commitment to academic excellence, we also pursue extra-curricular activities with equal enthusiasm. Located in the heart of Delhi, with easy accessibility to metro stations of I.T.O, Rajiv Chowk, Barakhamba Road and Mandi House, the college is an ideal destination for those who choose to chart out their own unique trajectory.

ABOUT THE FDP

Research has accompanied humankind since its inception. Holding as constant the intent of enquiry, namely the pursuit of truth; the techniques to uncover the same have altered and evolved over time. The process and product of scientific investigation and enquiry have been shaped by multiple factors, technological leaps and various cultural traditions to name a few. Methodologies, paradigms have metamorphosed considerably, as have ontologies and epistemologies. It may then be safe to say that there exist today in the research thought and action space, both, deviance and convergence from historically held and validated viewpoints.

It is thus essential to propagate intersectionalities of seemingly diverse academic fields of knowledge as well as of varied research methods and techniques. An initiative to pivot a move directed at evolving methodologies for interdisciplinary enquiry will be a welcome step in meeting the aforesaid purpose.
