ABOUT PMMMNMTT AND MHRFDC

The Pandit Madan Mohan Malaviya National Mission on Teachers and Teaching emphasizes the need to change the role and task of a teacher from mere disseminator of information and knowledge to the one who advances frontiers of existing knowledge by actively developing and creating new insights into diverse social and physical phenomena. Mahatma Hansraj Faculty Development Centre has been established under this scheme at Hansraj College with an objective to serve as one of the nodal points to conduct such programs and workshops. These programs provide opportunities to every academician/teacher to upgrade their domain of knowledge, become aware about latest developments taking place in their subject and allied areas and acquire new skills in development of educational content and delivery. These programs help in capacity building of teachers and promote institutional effectiveness in delivering and developing educational programs and curricula. The focus of some of these Faculty Development Programs is also to provide support for research work and promote research in emerging issues in different fields of knowledge.

ABOUT THE COLLEGE

Hansraj College is one of the largest constituent colleges of University of Delhi and has been ranked as one of the top five colleges for science, arts and commerce several times in the last decade. The faculty and students of the college have contributed immensely in the field of academics, sports and cultural activities. The college faculty is dedicated towards growth and development of the institution academically and administratively to constantly thrive for excellence. Hansraj alumni have been placed in diverse professions and services worldwide and are bringing fame and laurels to the institution.

ABOUT THE FDP

Teaching with cases has become an integral part of commerce and management education today. Use of cases in the classroom ensures more participation by students, highly stimulating classroom discussions, exposure for students to real life corporate realities/issues, multi-dimensional and interdisciplinary learning and an enriching teaching and learning environment. This FDP aims to:

- highlight the importance of Case based experiential learning in classrooms,
- encourage the participants to adopt 'case study-based teaching' as an important pedagogical tool in dynamic world,
- equip participants to use cases in diverse courses of Commerce and Management more effectively and frequently, and
- expose them to the craft of case writing in Commerce and Management Courses

The FDP will be an enriching experience for Commerce and Management faculties who are new to the case-based teaching and even for those Commerce and Management faculties who have case-based teaching experience, but want to further improve their case teaching effectiveness.
